BOTTLE CATALOG

2020

For High Volume Sellers

YOU PRINT WE APPLY

CLEARGUARD ARMOR *Ceramics*

See Label Catalog for dozens of ready made labels. ([HERE](#))

Label Sizes (1st number is Tall, 2nd is Wide)

1oz: 1.5x3

4oz: 3x4

8oz 3x4

30ml tall: 3x2.75

50ml glass: 2x4

Polish: 4x6

When CGA prints your standard BOPP labels on demand these are the finished sizes.

If you Physically print your own labels each bottle type has max label size listed with it. If you design your own labels and CGA prints| on demand for your orders, the label sizes must be as shown here and NOT max size..

If You Want To Send Printed Labels To CGA:

If PLS or PLDS would like to send printed labels into our facility for any of the products they wish to label, CGA will store your labels but will not be responsible for theft, loss or tracking of total labels used. We will do our best to apprise you of labels in low stock.

We can not guess if you will order 12 or 1000 of an item.

Each label will incur a storage fee of \$3 per month per label per 12x12 area, payable in yearly increments. Labels must be pre-cut to size, peel and stick in roll or sheet.

Each label is allowed up to 1 sq ft. (12x12x12)

We do not place multiple labels in one 12x12 area.

Each label for ease of picking and identification will occupy one 12x12 area.

If customer would like labels returned they simply need to pay S&H.

We will invoice you the label storage fee after we receive your labels.

Labels should have at minimum the last 4 digits of your PL or PLDS # 1234 and the product order number. (ex: 1234-c5)

Optional date or additional identifier is helpful if you update a label you can specify exactly what label to use. (ex: 1234-c5-319)

Complete this form once labels are packaged, and have tracking number.

PRODUCTS
