PLF Private Label Fulfillment

1- Look over products in the **Back-end Products Catalog** for a complete list of products.

(Your savings will be 50% plus volume discounts)

2- Complete the **PLF application**.

3- Decide on your logo, label, product name etc...

4- Once you receive your PLF Member number you will be able to login to the store.

Login - top left corner of site - **Here**

Your discounts start at 50%, then subtract for volume discounts, (example below).

5- Decide on the products (**Backend products catalog**) you want to carry and the bottle size and type.

In the following pages of this catalog you will see 4 ounce and 8 ounce bottles as well as 50ml glass.

6- When you decide on your main product or multiple products send CGA a list & CGA will create a custom order form tailored to your products. You can choose to pay by check (\$0 fee) or use a credit card and pay 3% convenience fee.

7- Once you know the products and bottle size you can start creating labels. Have your graphic artist create them or have CGA create labels for you. You do not need to actually print labels, CGA prints your labels on high quality vinyl in full color included in the standard bottle price as shown.

8- Now order your inventory from the order form, pay and CGA will fill, cap and label your order and place your products in inventory.

9- Setup our software interface between your shop and our fulfillment warehouse and send orders.

Inform CGA prior to any sales, promotions, launches and so on, this will keep everything running smooth.

All returns, customer service, taxes and all aspects of this order and all private label orders you place with CGA are handled by you. CGA is a supplier, we are not responsible for your sales practices, customer service, liability, warranties or guarantees, customer returns, refunds, labeling and the failure to warn consumers about the non-obvious dangers resulting from the normal intended use of a product. We do not insure you or provide any type of insurance including liability insurance.

See our Terms, and privacy policy

Your product cost is calculated each time you order. The greater the order size the greater the discount.

Current volume discounts shown below.

Volume of Order Dictates Further Discounts.

Example discounts shown are for all Hybrid Ceramic quick spray, bottled and labeled. (Some labels & bottles may increase price)

One price for fulfillment

| 8 oz | 16 oz | 32 oz |
|--------------------|------------|------------|
| 100 16.99 | 100 23.99 | 100 25.99 |
| 350 14.99 | 350 16.99 | 350 18.99 |

| 5000 9.99 | 5000 12.99 | 5000 15.99 |
| 10,000 above quote | | |

25 orders per day minimum (or 750 total orders monthly).

if anytime after 45 days you fail to ramp up to 25 orders daily a pick and pack charge of \$3.25 per order will be charged to your CC daily.

(if 750 orders monthly, no additional fees are added)

A warehouse storage fee of \$99 per month will be accessed for each 1-500 items in stock, 501 to 1000 \$198 and so on if you fail to meet the minimum monthly orders.

YOU PRINT WE APPLY

CLEARGUARD ARMOR *Ceramics*

See Label Catalog for dozens of ready made labels. ([HERE](#))

Label Sizes (1st number is Tall, 2nd is Wide)
Always Check with CGA for Final Label Size.

4oz: 3x4

8oz 3x4

50ml glass: 2x4

Polish: 4x6

When CGA prints your standard BOPP labels on demand these are the finished sizes.

If you Physically print your own labels each bottle type has max label size listed with it. If you design your own labels and CGA prints| on demand for your orders, the label sizes must be as shown here and NOT max size..

If You Want To Send Printed Labels To CGA:

If PLS or PLDS would like to send printed labels into our facility for any of the products they wish to label, CGA will store your labels but will not be responsible for theft, loss or tracking of total labels used. We will do our best to apprise you of labels in low stock.

We can not guess if you will order 12 or 1000 of an item.

Each label will incur a storage fee of \$3 per month per label per 12x12 area, payable in yearly increments. Labels must be pre-cut to size, peel and stick in roll (sheet may be okay in low volume).

Each label is allowed up to 1 sq ft. (12x12x12)

We do not place multiple labels in one 12x12 area.

Each label for ease of picking and identification will occupy one 12x12 area.

If customer would like labels returned they simply need to pay S&H.

We will invoice you the label storage fee after we receive your labels.

Labels should have at minimum the last 4 digits of your PL or PLDS # 1234 and the product order number.
(ex: 1234-c5)

Optional date or additional identifier is helpful if you update a label you can specify exactly what label to use.
(ex: 1234-c5-319)

Complete this form once labels are ready to send, packaged, and have tracking number.

THANK YOU

CLEARGUARD ARMOR *Ceramics*

If you have a special request let us know what bottle you would like.

The custom bottle option is only available to PLS that order inventory of 144 or more (using a custom bottle).
